

Safely clean even the most delicate fabrics like silk and crushed velvet

Matrix **Odorless** Mineral Spirits Dry Cleaning Solvent

Odorless Mineral Spirits (OMS) are a solvent-based, odorless cleaning formula that is safe for use on all fabrics, even silk and crushed velvets. When you are worried about bleeding, browning, or shrinkage, OMS is the best choice to safely clean delicate fabrics.

OMS can also be used as a pretreatment (*apply using a towel*) for oily spots on fabrics. It's also great for removing hair treatments (such as oils, gels, or sprays) that have transferred to fabric. It can also be used on grimy spots where dogs have rubbed against the front of a chair.

By mixing OMS with a compatible, dry, solvent-based cleaning detergent (*such as Kleen-Rite Dry Cleaning Concentrate*) you can make your own dry cleaning solution for treating upholstery and drapery fabrics. The result? Big savings.

Matrix Odorless Mineral Spirits are the highest quality available for dry cleaning upholstery and drapery fabrics.

This product cannot be shipped to the following states:

- California
- Delaware
- Maryland
- Maine
- New Jersey
- New York
- Pennsylvania
- Virginia

MATRIX™

Dilutions and Usage Instructions

Dilution:

- For upholstery, mix 1 gallon OMS with 18 oz of KleenRite Dry Cleaning Concentrate.
- For drapery, mix 1 gallon OMS with 4 oz of KleenRite Dry Cleaning Concentrate.

pH: None

Note:

When applying, use adequate forced air ventilation such as fans or air movers to reduce vapor levels. If forced air ventilation is not available, use a respirator mask. Do not heat OMS unless it is being used in a solvent compatible solvent machine such as The Ultimate from U.S. Products.
